SUBJECT : Project AECOB

REFERENCES : A. Chief, Plans/FI Memo dated 10 August 1953

B. Chief, Projects Branch/FI Memo dated
23 July 1953

1. In regard to your stipulations in Reference A and Reference B above, regarding the "Cover Society" which had been incorporated in the former Project AECOB, please note that it has now been completely divorced from the present AECOB project outline.

2. The present AECOB project outline, currently submitted for Chief, FI approval, deals solely with REDSOX activities. Inasmuch as the "Cover Society" is primarily designed for the exploitation of REDSKIN opportunities, it has been incorporated into the new AEMARSH project and all aspects of its control and operation are discussed therein.
